DETAILED ACTION

Response to Amendment

1. The amendment filed June 8, 2006 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: "wherein the one or more tones designated as interruptible are not limited to dial tone information streams". The examiner could not find in the specification where dial tone information streams were considered as interruptible tones.

Applicant is required to cancel the new matter in the reply to this Office Action.
